

Key RCT #1 Endline Data to explore (from 2013 end line survey)

Section 0: Coding, Pages 1 - 4

#1 - 5 = Questions on location of HH (likely to exclude)

#6 - 9 = Validity of HH and responder

#10 - 14 = details on interview - date, time, responder name (likely to exclude)

#15 - 19 = Presence of an Under-5 child death in last year and details (date, cause, DOB, gender)

Section 1: Household Rosters

1.1: HH Roster (Adults), Pages 5 - 7

#1 = # of Adults (18+) in HH

#2 - 7 = Age, relationship to Head of HH, **education**, etc

#8 - 10 = Last time sick and what they did

1.2: HH Roster (Children Aged 5-17), Pages 8 - 9

#1 = # of 5-17 kids in HH

#3 - 5 = Gender, Age, relationship details

#6 - 9 = Education details

#10 - 12 = Last time sick and what they did

1.3: HH Roster (Children Under 5), Page 10

#1 = # of <5 kids in HH

#3 - 7 = Gender, Age, relationship details

#8 - 9 = Breastfed details

1.4: Household Rosters (Children who have passed away), Page 11

#1 = Number of U5 children who have passed away in last year

#2 - 4 = DOB, date of death, gender

#5 = Cause of death

Section 2: Knowledge and beliefs about health, Pages 12 - 16

#201 - 207 - Basic health knowledge questions

#208 - 211 = Questions about counterfeit drugs

RCT #1 Endline Data to Explore (2013)

#212 - 219 = Questions about source and treatment of water and hand washing practices

#220 - 223 = Pregnancy and newborn knowledge

#224 - 225 = Source of health information and decision making

#226 - 227 = Use of family planning

Section 3: Malaria Morbidity and Treatment, Children under 5, Pages 17 - 21

#302 - 305 = Bednet sleeping details

#306 - 316 = If child has had malaria in past 3 months, details on how treated (drugs, duration, etc)

#317 - 320 = Follow Ups and Referrals

Section 4: ARI (Acute Respiratory Illness, aka Pneumonia) Morbidity and Treatment, Children <5, Pages 22 - 24

#402 = If child has had cough w/fever illness in last 3 months

#403 - 410 = How / If treated, details on what took and if got better

#411 - 414 = Follow Ups and Referrals

Section 5: Diarrhea Morbidity and Treatment, Children under 5, Pages 25 - 27

#502 = If child has had diarrhea illness in last 3 months

#503 - 509 = How / If treated, details on what took and if got better

#510 - 513 = Follow Ups and Referrals

Section 6: Vitamin A Supplementation and Food Fortification, Children under 5, Pages 28 - 29

#602 = Have an immunization card to see?

#603 - 606 = If child has had Vitamin A dose
